All housing assignments are made once registration closes. You will be notified about your housing assignments upon check-in. Keys are given at conference check-in and are due back at check-out. Delegations arriving later than the posted check-in times need to contact Steven Sajkich at raconference@uni.edu one week prior to the conference. If delegations are leaving earlier than the posted check-out times on Sunday, they must convey this information via email

to Steven Sajkich at raconference@uni.edu or catch him at the conference.

Case Study:

1. What is the case study portion of the conference?

Case Studies allow RAs to present on current issues in residence life and housing. Participants are given 15 minutes to present on one case study. Participants in the prepared category receive the case two weeks prior to the conference and have the opportunity to prepare for their presentation.
